#### Land Uses and Modifiers

| Land Use           | Grazed | Wildlife | Irrigated | Hayed | Drained | Organic | Water Feature | Protected | Urban | Aquaculture |
|--------------------|--------|----------|-----------|-------|---------|---------|---------------|-----------|-------|-------------|
| Associated Ag Land |        |          |           |       | N/A     |         |               |           |       |             |
| Сгор               |        |          |           |       |         |         |               |           |       |             |
| Farmstead          |        |          |           | N/A   | N/A     |         |               |           |       |             |
| Forest             |        |          |           | N/A   | N/A     |         |               |           |       |             |
| Pasture            |        |          |           |       |         |         |               |           |       |             |

#### **Resource Concern Categories**

| Categories                                 |       |           |       |  |
|--|-------|-----------|-------|--|
| Category                                   | Min % | Default % | Max % |  |
| Air quality emissions                      | 0     | 5         | 100   |  |
| Aquatic habitat                            | 0     | 5         | 100   |  |
| Concentrated erosion                       | 0     | 10        | 100   |  |
| Degraded plant condition                   | 0     | 5         | 100   |  |
| Field pesticide loss                       | 0     | 5         | 100   |  |
| Field sediment, nutrient and pathogen loss | 0     | 5         | 100   |  |
| Fire management                            | 0     | 5         | 100   |  |
| Inefficient energy use                     | 0     | 5         | 100   |  |
| Livestock production limitation            | 0     | 5         | 100   |  |
| Pest pressure                              | 0     | 5         | 100   |  |
| Salt losses to water                       | 0     | 5         | 100   |  |
| Soil quality limitations                   | 0     | 5         | 100   |  |
| Source water depletion                     | 0     | 10        | 100   |  |
| Storage and handling of pollutants         | 0     | 5         | 100   |  |
| Terrestrial habitat                        | 0     | 5         | 100   |  |

| Categories             |       |           |       |
|------------------------|-------|-----------|-------|
| Category               | Min % | Default % | Max % |
| Weather resilience     | 0     | 5         | 100   |
| Wind and water erosion | 0     | 10        | 100   |

| Air quality emissions                                  |       |           |       |  |  |  |
|--|-------|-----------|-------|--|--|--|
| Resource Concern                                       | Min % | Default % | Max % |  |  |  |
| Emissions of airborne reactive nitrogen                | 0     | 20        | 100   |  |  |  |
| Emissions of greenhouse gases - GHGs                   | 0     | 20        | 100   |  |  |  |
| Emissions of ozone precursors                          | 0     | 20        | 100   |  |  |  |
| Emissions of particulate matter (PM) and PM precursors | 0     | 20        | 100   |  |  |  |
| Objectionable odor                                     | 0     | 20        | 100   |  |  |  |

|   | Grazingland                   |        |
| What Resource Group is being addressed? | Forestry and Wildlife         |        |
|   | AFO/Farmstead - Water Quality |        |
|   | Energy/Irrigation Efficiency  |        |

#### **Survey: Program Questions**

| Section: Program   |                  |        |  |  |
|--|------------------|--------|--|--|
| Question   | Answer Choices   | Points |  |  |
| Is the applicant an FSA-eligible CRP-TIP participant applying for EQIP within the last year of the CRP contract? | YES              | 5      |  |  |
|  | NO               | 0      |  |  |
| Are the majority of PLUs located in a Source Water Priority watershed?   | SWP Eligible     | 40     |  |  |
|  | Not SWP eligible | 0      |  |  |

| Section: Program   |  |        |
|--|--|--------|
| Question   | Answer Choices   | Points |
| Do the majority of the PLUs contain HEL map units?                               | The majority of the PLUs do contain HEL map units.     | 15     |
|  | The majority of the PLUs do not contain HEL map units. | 0      |
|  | Adjacent to a stream.                                  | 15     |
| Are the PLUs adjacent to a water body?   | Adjacent to a waterbody.                               | 15     |
|  | Not adjacent to a waterbody.                           | 0      |
| Are the majority of the PLUs located within a USFWS Strategic Habita Unit (SHU)? | t within a SHU   | 15     |
|  | not within a SHU                                       | 0      |
|  | YES  | 25     |
| Did the applicant self-certify as an HU participant?                             | ic Habitat within a SHU not within a SHU               | 0      |
| Are the PLUs in proximity to a 303d listed surface water?                        | 303d water bodies                                      | 50     |
|  | 303d streams   | 50     |
|  | No   | 0      |

## **Survey: Resource Questions**

| Section: Resource        |  |        |  |  |
|--------------------------|--|--------|--|--|
| Question                 | Answer Choices   | Points |  |  |
| Soil Health and Erosion* | the applicant is applying to improve soil<br>quality with multi species cover crops or<br>establish grass                            | 100    |  |  |
|                          | the application is to fix erosion on cropland  | 50     |  |  |
|                          | the application is to fix erosion in pastureland   | 30     |  |  |
|                          | the application is to repair an existing system that has been destroyed by an act of nature  | 20     |  |  |
|                          | None of the Above  | 0      |  |  |
| Grazingland*             | the applicant will follow the 528 Prescribed<br>Grazing Standard   | 80     |  |  |
|                          | the applicant is willing to install fencing to<br>exclude livestock from sensitive areas or<br>cross fencing (minimum of 3 paddocks) | 70     |  |  |
|                          | the applicant is applying for a watering<br>system for livestock with an existing water<br>source (well or meter?)                   | 25     |  |  |
|                          | invasive species are present and applicant is willing to treat   | 25     |  |  |
|                          | None of the Above  | 0      |  |  |

| Section: Resource              |   |        |  |
|--------------------------------|---|--------|--|
| Question                       | Answer Choices  | Points |  |
| Forestry and Wildlife*         | the applicant is applying for a management<br>practice(s) on an existing Long Leaf stand or<br>Thinned Loblolly/Slash stand | 100    |  |
|                                | the customer is applying for the establishment of Long Leaf Pines   | 50     |  |
|                                | invasive species are present and applicant is willing to treat  | 30     |  |
|                                | applicant is willing to improve wildlife habitat<br>quality through NWSG/Pollinator species, or<br>strip disking            | 20     |  |
|                                | None of the Above   | 0      |  |
| AFO/Farmstead - Water Quality* | Not Applicable per LWG  |        |  |
| Energy/Irrigation Efficiency*  | Ineligible based on LWG   |        |  |
