	Otherwise	--

Survey: Program Questions

Section: Program		
Question	Answer Choices	
Did the applicant participate in the CSP Transition Incentives Program (TIP), and land included in the CSP application has come out of CRP within the last two years?	Yes	
	No	
Does the applicant meet the NRCS definition of a veteran farmer or rancher (VFR)?	Yes	
	No	
Idaho has identified 8 priority Resource Concern Categories (RCC's) for FY24 CSP. Using the CART CSP Summary Report, identify the Forest land use group with the smallest number of ID priority RCC's met AT THE TIME OF APPLICATION. Select the response that is the best match. (Associated Ag Land and Farmstead are excluded from consideration).	All eight ID priority resource concern categories are met.	
	Six or seven ID priority resource concern categories are met.	
	Four or five ID priority resource concern categories are met.	
	Three or less priority resource concern categories are met.	
Considering the Forest LAND USE GROUP with the greatest number of acres, how many Resource Concern Categories (ID priority and non-ID priority) are met AT THE TIME OF APPLICATION?	Seven or more resource concern categories are met.	
	Six resource concern categories are met.	
	Five resource concern categories are met.	
	Four resource concern categories are met.	
	Three resource concern categories are met.	
	Two resource concern categories are met.	
The top 3 LWG Resource Concern Categories (RCCs) in NIPF are: Degraded Plant Condition, Soil Quality Limitation, and Concentrated Erosion. Select the answer that best applies to the applicant's operation AT THE TIME OF APPLICATION.	All 3 LWG priority RCC's are met on the Forest land use.	
	2 of the LWG priority RCC's are met on the Forest land use.	
	1 of the LWG priority RCC's are met on the Forest land use.	
	None of the LWG priority RCC's are met	

Survey: Resource Questions

Section: Resoruce		
Question	Answer Choices
