

# FY2022 Source Water Protection High Priority Areas by Resource Concerns

**Resource Concerns**

- Aquifer Depletion/  
Water Quantity
- Water Quality
- Both

0 100 200 400  
Kilometers  
Albers Equal Area Projection

0 50 100  
KM

Hawaii

Pacific Basin

Northern Marianas

Guam

Alaska

0 150 300 600  
KM

Note: Some states have selected to further target source water implementation to within official Source Water Protection Area (SWPA) state delineations. Only portions of the HUC12s selected in these states are included in their high priority areas, but these are not shared to protect sensitive information.

Contact the NRCS State Office for more specific information about the selected source water high priority areas.
