Section 4: Definitions and Requirements

^{1/} An INDEPENDENT ELIGIBLE ENTITY means an entity authorized to hold conservation easements that NRCS has determined meets all applicable RCPP statutory, regulatory, and policy requirements of an eligible entity, including but not limited to 16 U.S.C. Sections 3871a(4) and 3865a(3) and 7 CFR Parts 1464 and 1468, and has a land protection program that purchases easements for the purposes of protecting the stated Conservation Values.

^{2/} A DEPENDENT ELIGIBLE ENTITY means an entity that NRCS has determined meets all of the RCPP statutory requirements of an eligible entity but may not meet one or more of the regulatory or policy requirements at the time the Program Agreement is executed. A dependent eligible entity may only be party to a Program Agreement and any associated individual Parcel Contracts to which an independent eligible entity is also party.

^{3/} All eligible entities and co-holders must provide and maintain current registration in the Dun and Bradstreet Data Universal Numbering System (DUNS).

^{4/} All eligible entities and co-holders must meet the central contractor registration requirements through the System for Award Management (SAM) or successor registry. Registration in SAM must be maintained for the duration of the Program Agreement and any associated individual Parcel Contracts. Eligible entities and co-holders must renew their SAM registration annually and must not allow their registration to lapse or expire prior to renewal.

^{5/} A co-holder or third-party right holder may assist in the performance of the identified functions; however, the eligible entity retains primary responsibility for all functions related to compliance with the terms and conditions of the Program Agreement and associated Parcel Contract, as well as the acquisition, monitoring, and enforcement of each RCPP easement acquired pursuant to such Parcel Contracts.

^{6/} A legal entity identified in section 2 above as a co-holder, may also identify in section 2 above that they may be a third-party holder for some easement transactions, and such legal entity does not also have to be identified in section 3 above. The role of that legal entity as either a co-holder or a third-party holder will be specified on the individual Parcel Contract for the acquisition of the agricultural land easement on the identified parcel.
